

ACTION GAMING – POKER

Take players beyond conventional poker with the *Austin Powers™ Poker* game. This is real poker excitement, with proven, classic strategy poker games your die-hard players will appreciate. But hold onto your Mojo! The *Austin Powers™ Poker* theme also has two shagadelic bonuses that will make your Woodstock-generation players break out their love beads.

In addition to the familiar game families poker players love, this wild-themed hit offers a choice between our popular *Triple Play Draw Poker* and *Ten Play Draw Poker* formats, with or without bonuses! Triple Play players select from either the conventional *Triple Play Draw Poker* game, or *Triple Play Draw Poker* with the *Mini Me* bonus. Those who favor a ten-play format can opt for a traditional *Ten Play Draw Poker* game, or try their luck with the added winning opportunities offered by the Number Two bonus game. Far out!

Colorful animations and stereo sounds from the movies add laughs and variety to the poker experience. Plus, Austin reads players' minds – when they're holding a winning hand and thinking, "Yeah Baby!" Austin actually says it for them: "Yeah, Baby!" Oh, behave!
